

What are College Coaches looking for?

College coaches and recruiting coordinators can not personally see each player interested in attending their respective school due to financial and logistical constraints. Coaches want to learn more about a player, but can not watch hours of game footage for each prospective student athlete.

With this in mind, Diamond Kings Baseball and Softball Academy will produce a professional DVD Video to show collegiant coaches the following attributes:

- Swing Mechanics
- Fielding Ability
- Throwing Ability
- Arm Action, Velocity and Pitch Repertoire
- Physical Appearance

COLLEGE DVD PRODUCTION PROGRAM

54 Dolphin Raod
Bristol, CT 06010

BASEBALL AND SOFTBALL ACADEMY

OPENING DOORS FOR TODAY'S STUDENT ATHLETES

COLLEGE DVD PRODUCTION

www.dkacademy.com

What's on the DVD?

All DVDs focus the following:

- Multiple Angle Hitting
- Fielding, Throwing,
- Multiple Angle Pitching with radar gun readings
- Running form and agility exercises
- Academic data including school location, year of graduation, SAT scores, NCAA Clearing house status, GPA
- Athletic statistics and awards
- Current contact information

All player video segments are left primarily unedited. College coaches and industry professionals know when something is too good to be true. By showing small mistakes, whether they are bad swings or fielding errors, a prospective coach can identify potential and gauge skill level. This allows a coaching staff to evaluate a student much more accurately.

DVD production fees

For 299 dollars each student athlete receives:

- Scheduled time at the Diamond Kings facilities to film the college video
- Player video with interactive menu screen allowing easy navigation of film footage
- 4 copies of your professionally edited, personalized DVD in customized jewel cases with full Liner Notes

Each additional professionally produced and labeled DVD is available for twenty dollars and can be mailed to your school of choice upon request.

Please call, 860.584.1386 or email info@dkacademy.com for more information or to arrange filming time for your child's professionally produced college DVD.

General Guidelines and Preliminary Questions for Selecting a School

Fields of Study

- Identify your general and specific interests
- Do you prefer a research institute or one committed to undergraduate studies?
- Do you prefer traditionally structured academic programs or more innovative approaches to learning?

College Size

- Do you prefer a big name program?
- Do you want a large range of activities?
- Does your academic interest require a large range of courses or specialized training?

Location

- Would you like to be close to home?
- Do you prefer a certain climate?
- Do you wish to play in a particular conference?

College Environment

- Do you prefer a particular religious affiliation?
- Conservative or liberal environment?
- Coed or single sex institution?
- Private or public institution?
- Are fraternities and sororities important?

Identify a handful of colleges that meet your individual needs. Now consider the baseball program.

Identify your skills

- What are your strengths? (Do you have power, speed, hitting, etc.)
- Is your style compatible with the teams?
- What will help you to stand out from other prospective student athletes?

Identify Potential Colleges

- Are you compatible with the level of play?
- Chance of making the team?
- Potential playing time in first year?
- Competence and personality of the coaching staff?
- Competitiveness of schedule?

Once you have determined which programs are right for you let Diamond Kings College DVD Program help to display your potential and skill level in a professional manner. We look forward to working with you.
